I ordered the wrong item or want to cancel my order, what can I do?

All Parachilna lamps are made to order. As we work closely with artisans and fine materials, you have up to 5 business days after the order was placed to change or cancel it. After 5 working days, we don't accept changes or cancellations.

Contact us at info@mcinnescook.com for any issues related to this.

I want to return a Parachilna lamp, how should I proceed?

We hope you'll never want to do that. But sometimes it's necessary.

You have up to 14 business days after you receive the goods to return them. We will only accept returns in intact conditions and with its original packaging. Send us an email at info@mcinnescook.com with photos of the label on the box, and we will respond.

We don't offer refunds, we will give you a credit. Returns are not available for custom orders or discontinued products. The customer is responsible for shipping costs.

I received a damaged fixture and/or components are missing...

So sorry for that! Our team carefully searches for imperfections in every lamp before packing. But we are human, so mistakes happen once in a while. When you receive the goods, carefully open the boxes and revise everything is in impeccable conditions and nothing is missing. We found out that most of the claims that we receive are caused by mistreatment when opening the box. If something is wrong, DON'T THROW THE BOX. Take pictures of the damaged part, the label on the box and the silver label on the lamp. Send them to info@mcinnescook.com.

Please note, no inquiries will be accepted without at least the photo of the label on the box or the silver label on the lamp. The reason for that is that we need to understand where the mistake has been committed, and these two labels help us find the cause quickly.

I need a replacement part for my lamp in warranty, how do I proceed?

In order to claim a replacement part within Parachilna's guarantee, you need to send us a photo of the silver label on the damaged lamp at info@mcinnescook.com. Our products have a 2 year guarantee. Please keep in mind that our guarantee does not cover damages caused by the client.

In the case of LED modules, our experience says most of the times, they break because of a problem on the client's household electrical installation.

If you want to receive a free of charge module, send us the faulty one. We will send it to the manufacturer's lab to find out the cause. If the test proves it's the manufacturer's fault, we will send you new LED modules and cover all the expenses derived from sending the faulty one.
